HERO COMPANY

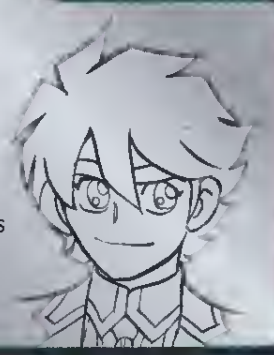
STORY

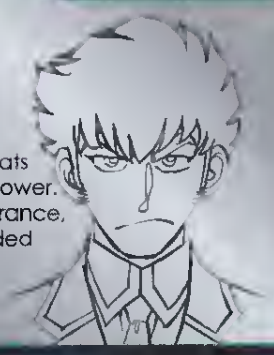
Amano Ginga, a young man who highlights his love for "justice", is a rookie employee of "Hero Company", a company of dreams that makes heroes a profession. Right after the entrance ceremony, he is suddenly called up to substitute for the five-man team "Dessert Five"...!!

CHARACTERS



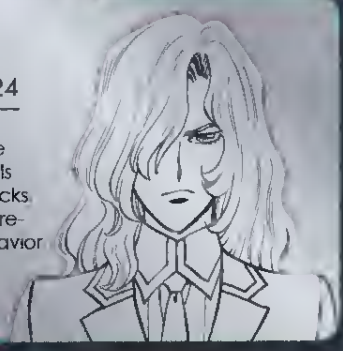
Amano Ginga age 23

His skills are his shouting and his energy. He loves introspection and justice. While he has a lot of passion, he's got a very weak drive.



Hado Daichi age 23

Skilled at martial arts. He has confidence in his feats of strength and explosive power. Contrary to his grim appearance, he's got a bit of an airheaded side.

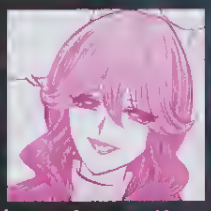


Buso Shun age 24

He is quite proficient in the use of weapons, but excels in his (alleged) cyber attacks. He's notable for his pressure-free generation-type behavior.

Hyuga Hikaru age 20

She is confident in her speed and delicate motions. She is also a good singer. She has a tendency to shoot first and ask questions later.

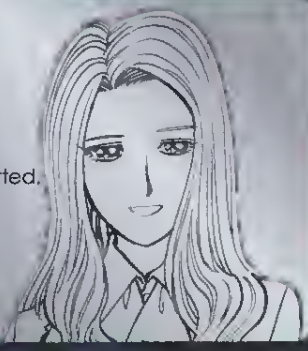


Ginga's mother

Watches over Ginga with her gentle eyes. Oddly well-informed about the Company, perhaps because her husband was a member.

Kiba Kihan

Executive manager of mobile units. Also the interviewer for the entrance test. He hates young people that selfishly proclaim justice.



Tsurugi Saki age 22

She is skilled in footwork. She is graceful and introverted. She may lack confidence, but she is a hard worker, and beautiful, too.
